Kenmerken

Keep the focus right where it belongs

Eyes for everyone. With a 12x optical zoom, the Poly Studio E60 smart MPTZ optical zoom camera can zero in on every detail and pick up content with amazing clarity, ensuring a deeper connection, and letting nothing escape its view.

Keep the presenter center-stage

Poly DirectorAI presenter tracking keeps the main speaker in focus during presentations, lessons, or speeches. It zooms in and follows them in real-time for a seamless, engaging virtual experience with minimal distractions.

Catch every detail in 4K

The ultra-HD imaging system and 4K sensors deliver stunningly detailed and sharp images for a visual experience that feels lifelike and true to reality, and makes virtual attendees feel more included and engaged.

In frame. In focus. Engaged

Keep all participants in-frame and engaged with Poly DirectorAI group framing. It smartly captures the entire group on screen, removing excess space and adjusting the angle for equal visibility. With everyone in frame, no one gets left out.

Just plug it in and you're on

IT will find the Poly Studio E60 smart MPTZ optical zoom camera easy to install on a monitor, wall, or ceiling. Its user-friendly setup allows for convenient and flexible connections, so anyone is ready to collaborate–even if they're not tech-savvy.

Works with your platform of choice

An IT manager's dream, the Poly Studio E60 smart MPTZ optical zoom camera was created for communication and is optimized and certified to work with top virtual meeting providers.
